(d) the reasons for not seeking cooperation of private sector in increasing the availability of pulses in the country?

THE MINISTER OF COMMERCE AND INDUSTRY (SHRI KAMAL NATH): (a) and (b) Government has taken a number of measures for augmenting domestic supplies, by permitting imports at zero duty, imposing a ban on export of pulses, and importing pulses through specified public sector agencies and cooperatives.

(c) and (d) Import of pulses is under OGL and can be imported by everyone including private sector. Free importability is continuing since more than 10 years. To encourage private traders to import pulses, import duty has been reduced to zero per cent on 8th June, 2006 from the earlier rate of 10%, and the zero per cent duty regime has been extended upto 31.3.2009.

In view of the substantially large quantities of pulses proposed to be imported by the concerned public sector agencies and cooperatives, over different periods of time, from different suppliers and in different lots, losses, if any, on account of import of pulses by the concerned public sector agencies and NAFED would qualify for some limited subsidy.

Objective of NREGA remains unfulfilled

*151. SHRIMATI HEMA MALINI: Will the Minister of RURAL DEVELOPMENT be pleased to state:

THE MINISTER OF RURAL DEVELOPMENT (DR. RAGHUVANSH PRASAD SINGH): (a) No, Sir. The basic objective of NREGA is to enhance the livelihood security of the households in rural areas of the country by providing at least 100 days of guaranteed wage employment in every financial year to every household whose adult members volunteer to do unskilled manual work. NREGA as a wage employment programme has been able to generate 90.51 crore person days of employment in 200 districts in 2006-07 of which the largest share of benefits has been to the SC/ST /women beneficiaries. The works taken up under NREGA also aim at strengthening the natural resource base of rural livelihood. Thus, by augmenting wage employment opportunities and creating durable assets in rural area NREGA is able to alleviate some aspects of poverty. During the year 2006-07, a total of about 2.12 crore households demanded employment out of which 2.10 crore were provided employment. 90.51 crore person days of employment was generated out of which 22.95 crore (25.36%) were SC, 32.99 crore (36.45%) ST families and 36.79 crore (40.65%) for women. A total of 8.35 lakh works were taken up out of which 3.87 lakhs works were completed during the year 2006-07. A state-wise status report of implementation of the Act for the year 2006-07 is at Statement (*See* below).

(b) and (c) Para 27 of Schedule II of the NREG Act provides that the facilities of safe drinking water, shade for children and periods of rest, first-aid box with adequate material for emergency treatment for minor injuries and other health hazards connected with the work being performed shall be provided at the work site. Accordingly States are taking action to provide these facilities. The administrative expenditure of NREGA, out of which the worksite expenditure is met, has been enhanced from 2% to 4% to enable states to provide for worksite facilities.

THE MINISTER OF DEFENCE (SHRI A.K. †Original notice of the question was received in Hindi.

(e) the State-wise details of total number of SEZs approved so far alongwith the number of those which will be set up on fertile land and waste land separately?

THE MINISTER OF COMMERCE AND INDUSTRY (SHRI KAMAL NATH): (a) The establishment of Special Ecnomic Zones (SEZs) are based on the broad policy approved by the Parliament through the SEZ Act 2005 and the SEZ Rules 2006, as amended from time to time.

(b) As per the current guidelines the land required for the SEZs is either purchased directly from the landowners or can be acquired by the respective State Governments with the consent of all the landowners. It is expected that it will result in realization of market prices for the landowners.

(c) Since the SEZ Act, 2005 and the SEZ Rules, 2006 came into effect on 10th February, 2006, formal approval has been granted for setting up of 29 SEZs in Haryana involving total land area of 1500.39 hectares.

(d) In pursuance to the decisions of the Empowered Group of Ministers (EGOM) at its meeting held on 5th April, 2007, the State Governments have been informed on 15th June, 2007 that the Board of Approval will not approve any SEZs where the State Governments have carried out or propose to carry out compulsory acquisition of land for such SEZs after 5th April, 2007. Therefore, land required for the SEZs would now be acquired or purchased as per the consent of the landowner which is expected to result in realization of better compensation for the landowners.

(e) Land being a State subject, decision to earmark land of various types for different purposes is taken by the respective State Governments in accordance with the policies laid down by them. However, the State Governments have been advised that in case of land required for SEZs, first priority should be for waste and barren land and if necessary, single crop land should be considered. If perforce a portion of double cropped agricultural land has to be acquired to meet the minimum area, requirements, especially for multi-product SEZs, the same should not exceed 10% of the total land required for the SEZs. State-wise details of the SEZs approved so far are as follows.

India's participation in Doha talks

†1069. DR. MURLI MANOHAR JOSHI:
SHRI RAJ MOHINDER SINGH MAJITHA:

Will the Minister of COMMERCE & INDUSTRY be pleased to state:

(a) whether U.S.A. and other European countries seem to agree to discontinue subsidy amount of their respective country given for agriculture to make progress in Doha-talks under World Trade Organisation;

(b) if not, the details thereof;

(c) if U.S.A. and other European countries do not agree on the above issue, whether India would declare its decision not to participate in the so called talks; and

(d) if so, the reaction of Government thereto?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) to (d) On 17 July, 2007, the Chairman of the World Trade Organisation's Committee on Agriculture-Special Session (COA-SS), brought out a Draft Modalities text comprising proposals for the Doha Round negotiations in agriculture. The Draft Modalities can be accessed on the website of the World Trade Organisation (*www.wto.org*).

†Original notice of the question was received in Hindi.

The Draft Modalities text does not suggest discontinuation of Overall Trade-Distorting Domestic Support (OTDS). The text, *inter-alia*, proposes a tiered formula for reduction of OTDS and also suggests a range of cuts in each tier. The range of cuts in OTDS suggested for the European Communities and the United States of America are 75% to 85% and 66% to 73% respectively. The text further proposes higher cuts by developed countries, which have a high OTDS of 40 percent or more of their total value of agricultural production. The Draft Modalities text is scheduled to be discussed in detail from 3 September, 2007 in meetings of the COA-SS.

Extension of rebates to IT industry

†1070. SHRI LALIT KISHORE CHATURVEDI: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether IT industry is demanding an exclusive SEZ for itself or its inclusion in the existing SEZs;

(b) whether this demand of the industry is based on its apprehension that the rebates available to it would be withdrawn by 2009 and if its SEZs are set up then these rebates may be available for long term; and

(c) whether Government propose to extend the rebates and concessions to IT industry even beyond 2009 so that there might not be any need of SEZ for this?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) to (c) In terms of the Special Economic Zones Act, 2005 and Special Economic Zones Rules, 2006, Sector Specific Special Economic Zone (SEZ) can be set up exclusively for Electronics Hardware and Software including Information Technology Enabled Services subject to the developer meeting the requirements specified in the SEZ Act, 2005 and the SEZ Rules, 2006. The SEZ Policy provides for procedural simplification and ease of operations through Single window; mechanism and fiscal concessions are just one part of it. No proposal to extend the income tax concessions for IT industry is under consideration.

Separate deep sea fisheries body under MPEDA

1071. SHRI V. HANUMANTHA RAO: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether it is a fact that MPEDA is forming a separate body to focus directly on deep sea fisheries;

(b) if so, the details thereof;

(c) whether this off-shoot of MPEDA will be based and made operational from Visakhapatnam;

(d) in what way does MPEDA have any experience of operating boats; and

(e) the steps proposed to ensure that MPEDA focuses and concentrates on its core duty of marine products exports only?

†Original notice of the question was received in Hindi.

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) No, Sir;

(b) and (c) Does not arise in view of (a) above;

(d) and (e) Under Section 9 of the Marine Products Export Development Authority Act 1972, MPEDA has been empowered to undertake a slew of activities related to promotion of marine exports including the regulation of deep sea fishing and registration of fishing vessels. Among the steps being taken in pursuance of the above mentioned mandate are extending financial assistance to the seafood processing industry, promoting aquaculture in all maritime States, value addition, upgrading of the processing facilities, giving wide publicity to Indian marine products on a global scale, conversion of existing fishing vessels to tuna long liners; trainings for technologists, processors, fish handlers, boat crew, fishermen etc.

Centres for agri-perishables for exports

1072. SHRI EKANATH K. THAKUR: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether it is a fact that Government has identified 12 locations for setting up of centres for handling agri-perishables for exports at an estimated cost of Rs. 2500 crores;

(b) if so, whether it is also a fact that besides this the Ministry has announced the development of six spice parks across the country for various spices; and

(c) if so, the details thereof?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) A study on Infrastructure Development instituted by APEDA has recommended setting up of 12 Centres for handling agro perishables for Exports at an estimated cost of Rs. 2500 crores.

(b) The Spices Board has proposed setting up of six spice parks in the major spice growing centers of the country.

(c) (i) Details of Centres for Handling Agro Perishables for Exports are:

9	Dharmapuri	Tamil Nadu

(ii) Details of the six spice parks:

Sl. No	District & State	Name of the spice

2	Idukki, Kerala	cardamom and pepper
3	Erode, Tamilnadu	turmeric
4	Guntur, Andhra Pradesh	chillies
5	Barabanki, Uttar Pradesh	mint and mint products
6	Kota/Jalore, Rajasthan	coriander, cumin, fennel and fenugreek

Failure of AEZs

1073. SHRI EKANATH K. THAKUR: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether it is a fact that six years after their inception not even one of the 60 approved Agri-Export Zones(AEZs), precursors to today's dedicated export zones, has taken off as per the Ministry's plans;

(b) whether it is also a fact that the review by the Ministry last year has revealed that the zones had missed their export targets and investments were only half of the originally estimated Rs. 1,700 crore and not a single zone is active; and

(c) if so, whether Government have tried to investigate to find out reasons for failure of AEZs and the action proposed to make them a success?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) and (b) The AEZ, have shown mixed result. Some of the AEZ, have done well while others have not. These AEZs have crystallized an investment of Rs. 866.40 crore and exports of Rs. 5649.14 crore over the last five years against an envisaged investment of Rs. 1717. 95 crore and export of Rs. 11821.47 crore.

(c) A peer evaluation of the AEZs was carried out with a view to ascertain the reasons for shortfall in their performance and to suggest a remedial action plan. The review revealed that the AEZ were not able to make headway, mainly, owing to lack of:

(i) proactive push either by the State Government or by the Central Government or by their agencies to implement schemes in the AEZs;

(ii) project orientation in their conceptual design;

(iii) awareness amongst the field functionaries about the concept of AEZs ;

(iv) effective agency to coordinate with other implementing agencies and monitor the performance of the AEZs; and

(v) effective public participation.

The main elements of the remedial action plan are setting up of institutional administrative mechanism for coordinating and monitoring the progress of implementation of AEZs and short listing of a few AEZs for special focus.

Effect of unrestricted export of iron ore

1074. DR. VIJAY MALLYA: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether Government are aware that iron ore from India is being exported unrestrictedly, thus leading to a huge gap between demand and supply in the country;

(b) whether Government are aware that the demand for steel within the country is increasing;

(c) what steps Government are planning to take to regulate export of iron ore from the country; and

(d) if so, the time frame therefor?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) The existing iron ore export policy regulates and promotes judicious use of iron ore for domestic purpose and export of surplus quantity. Even after exporting iron ore surplus after meeting domestic demand, there are still surpluses left.

(b) Yes, Sir.

(c) and (d) Government permits export of iron ore with iron content upto 64% without canalization. While export of iron ore with more than 64% iron content is canalized through MMTC Ltd., Government permits export of iron of iron ore fines with more than 64% iron content against licence by private mine owners/ leaseholders. Government has also imposed export duty on iron ore fines of iron content 62% and below @ Rs. 50 per metric tonne and on iron ore fines with iron content above 62% and on iron ore lumps @ Rs. 300 per tonne *w.e.f.* 1.3.2007.

Production of iron ore is in excess of current domestic demand. The surplus iron ore fines, produced during mining as well as sizing and calibrating of lumpy ore is being evacuated through exports as there is less demand for it from the domestic steel industry.

Effect of duty free import of vegetable oil on Indian industries

†1075. SHRI MOTILAL VORA:
SHRI SATYAVRAT CHATURVEDI:

Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether it is a fact that there is an import duty on raw palm oil, whereas vegetable oil imported from Sri Lanka and Nepal is completely duty free;

†Original notice of the question was received in Hindi.

(b) whether it is also a fact that some big companies manufacturing vegetable oil are setting up their manufacturing units in Sri Lanka and thus manufacturing vegetable oil by purchasing palm oil from Malaysia and thereafter exporting it to India;

(c) whether it is also a fact that due to this approximately half of the manufacturing units engaged in vegetable oil industry have been closed in the country; and

(d) if so, what steps Government have taken during the last one year to save the vegetable oil industry of the country?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) Yes, Sir.

(b) to (d) All Vanaspati oil manufacturing units in Sri Lanka have to obtain licences from Board of Investment, Government of Sri Lanka, which is under the domain of Government of Sri Lanka. As far as export of duty free Vanaspati oil from Sri Lanka to India is concerned, both Government of India and Government of Sri Lanka have formulated Tariff Rate Quota (TRQ) of 2,50,000 MT per annum. This TRQ will be monitored by Director General of Foreign Trade (DGFT) as per the provisions of the Foreign Trade Policy (FTP). TRQ will also be distributed equally amongst four quarters to ensure a steady supply of vanaspati, bakery shortening and margarine. To ensure quality control of Vanaspati, it has been mandated that all imports of Vanaspati will have to adhere to the requirements of the Prevention of Food Adulteration (PFA) Act. The import of Vanaspati from Nepal has been restricted to 1 lakh MT per annum. It is incorrect to say that Vanaspati oil industry is being closed because of this reason alone. The Government has negotiated Tariff Rate Quotas (TRQs) with both countries to safeguard the interest of the domestic industry.

1076. SHRI P.R .RAJAN: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(c) whether any foreign countries are interested in the scheme; and

(d) the time limit of the scheme?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL POLICY AND PROMOTION, MINISTRY OF COMMERCE AND INDUSTRY (SHRI ASHWANI KUMAR): (a) The Government has recently approved 'in principle' the project outline of "Delhi-Mumbai Industrial Corridor" (DMIC) Project.

(b) The Project envisages to improve industrial infrastructure and to leverage the existing/planned projects in infrastructural sectors particularly rail and road. In the first phase, 12 industrial nodes are proposed to be developed, which would include self contained Industrial Townships with world class infrastructure, logistic hubs, reliable power, quality social infrastructure and improved connectivity.

(c) The Government of India had signed an MOU with the Government of Japan to develop the project outline of the DMIC Project. The concept paper has since been finalized.

(d) The first phase of the project is envisaged to be implemented during 2008-2012.

Effect of unsustainable tax breaks and physical incentives to industrial projects

1077. SHRI M.V. MYSURA REDDY: Will the Minister of Commerce and Industry be pleased to state:

(a) whether it is a fact that Prime Minister warned the State Governments against unhealthy practice of providing unsustainable tax breaks and physical incentives to industrial projects at Northern Chief Minister's Conclave organized by PHD Chambers of Commerce and Industry on 28th September, 2006, in Chandigarh;

(b) whether it is also a fact that he advised to remove the barriers on Inter-State trade; and

(c) if so, whether there is any proposal before Government to implement the advise of the Prime Minister?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL POLICY AND PROMOTION, MINISTRY OF COMMERCE AND INDUSTRY (SHRI ASHWANI KUMAR): (a) and (b) Yes, Sir. Hon'ble Prime Minister, while addressing the Northern Chief Minister's Conclave organized by the PHD Chambers of Commerce an Industry on 28th September, 2006 at Chandigarh, had referred to unsustainable fisca incentives and tax breaks provided for promoting industrial development and urged the State Governments to enable a common economy and a single market to emerge. Hon'ble Prime Minister had also advised the State Governments to remove barriers on inter-State trade to facilitate movement of people and goods.

(c) Removal of barriers on inter-State trade and tax breaks referred to in the speech are subjects under the purview of State Governments.

(b) if so, the details thereof alongwith the number of new approvals likely to be accorded, State-wise;

(c) whether there is any proposal before Government to change the guidelines and rules for SEZs in view of the public authority; and

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) and (b) Since the Special Economic Zones Act, 2005 and the Special Economic Zones Rules, 2006 came into effect on 10th February, 2006, Government has so far granted 366 formal approvals for setting up Special Economic Zones (SEZs). Besides, in-principle approval has been granted in 176 cases. State-wise details of the formal and in-principJe approvals' granted so far and the proposals awaiting approval are as follows:-

(c) and (d) The SEZ Rules are reviewed and amended from time to time and two amendments have already been carried out on 10th August 2006 and 16th March 2007 respectively. The Empowered Group of Ministers (EGOM) at its meeting held on 5th April 2007 after considering various issues related to the SEZs had fixed the upper limit of the area required for multi product SEZs at 5000 hectares and fixed the minimum processing area uniformly at 50% for multi product SEZs as well as sector specific SEzs. The SEZ approvals are being now granted by the Board of approval in terms of the said directives. Accordingly, suitable amendments to the SEZ Rules, 2006, are under process. In pursuance of the decisions of the EGOM, the State Governments have been informed on 15 June, 2007 that the Board of Approval will not approve any SEZs where the State Governments have carried out or propose to carry out compulsory acquisition of land for such SEZs after 5th April, 2007.

Impact of FTAs on Vanaspati Industry

1079. SHRIMATI HEMA MALINI: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether it is a fact that Free Trade Agreements with Thailand, Nepal and Sri Lanka have hit the Vanaspati Industry;

(b) if so, whether it is also a fact that some Indian producers are routing their products through these countries to avail of duty exemption; and

(c) Government's reaction on (a) and (b) above?

THE MINISTER OF STATE IN THE DEPARTMENT OF COMMERCE, MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH): (a) to (c) Vanaspati is not in the Negative List under India-Sri Lanka Free Trade Agreement (FTA) and India-Nepal Free Trade Agreement (FTA). Vanaspati is also not in the Early Harvest Scheme (EHS) of India-Thailand Framework Agreement. Hence, in order to protect the domestic vanaspati industry, the Government has formalized Tariff Rate Quota (TRQ) of 2,50,000 MT per annum of vanaspati including bakery shortening and margarine with Sri Lanka and 1,00,000 MT per annum of vanaspati with Nepal.

Proposal to leverage the freight corridor

1080. SHRIMATI SYEDA ANWARA TAIMUR: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether Government propose to leverage the freight corridor and the golden Quadrilateral National Highway from Delhi to Mumbai by promoting an industrial corridor comprising large number of units;

(b) if so, whether this industrial corridor be developed with Japanese participation; and

(c) whether this corridor have supporting infrastructural facilities like rail connectivity to port en-route, development of ports on our west coast, etc.?

THE MINISTER OF STATE IN THE DEPARTMENT OF INDUSTRIAL POLICY AND PROMOTION, MINISTRY OF COMMERCE AND INDUSTRY (SHRI ASHWANI KUMAR): (a) Yes, Sir. Recently, the Government of India have accorded, in-principle,

(c) There is no such proposal under consideration at present to ban these exports.
